

ONLINE GIVING

WITH THE PAX CHRISTI COLLABORATIVE

We are excited to announce the launch of Online Giving!

Use your computer or mobile device to set up a one-time or recurring contribution via your credit/debit card, checking, or savings account. You'll never have to remember your cash or checkbook again!

Frequently Asked Questions:

How do I get started with online giving?

Visit our website www.paxchristilou.org and select the parish you would like to give to. More instructions can be found on the reverse side of this page.

Is it safe to give online?

Yes. Our service provider, Vanco Services, is managed under the highest security standards in the industry (PCI Level 1 Compliant) and currently processes electronic donations for over 15,000 churches and non-profit organizations.

Will I still get my offering envelopes in the mail?

Yes. There will be no changes to our current envelope system. If do you wish to stop receiving your envelopes, email parishoffice@paxchristilou.org.

Will I still receive regular contribution statements from the church?

Yes. All online contributions will be credited to your account and will appear on your annual statement along with any other donations.

How do automated contributions work?

Recurring donations will be processed based on the start date you select. Example: A weekly donation starting on a Thursday will be deducted every Thursday of the week. A monthly donation starting on March 2nd will be deducted on the 2nd day of every following month. All transactions scheduled to process on a weekend or Federal Holiday will be settled the next business day.

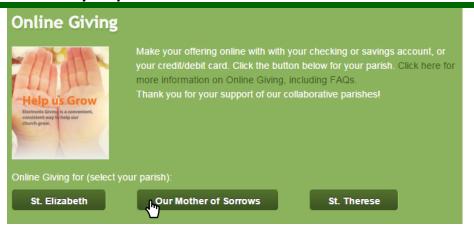

Can I change a recurring gift once I have it set up?

Yes. If you create an online profile, you can log-in to change it, or contact the Parish Offices.

Other questions? Contact the Parish Offices at: 502-637-7600 or parishoffice@paxchristilou.org.

Set up online giving with 4 easy steps!

1. Visit our website: www.paxchristilou.org On our homepage, select the name of the parish you would like to give to.

2. Type in the dollar amount, frequency (one-time, weekly, or monthly) and start date.

Click "Continue."

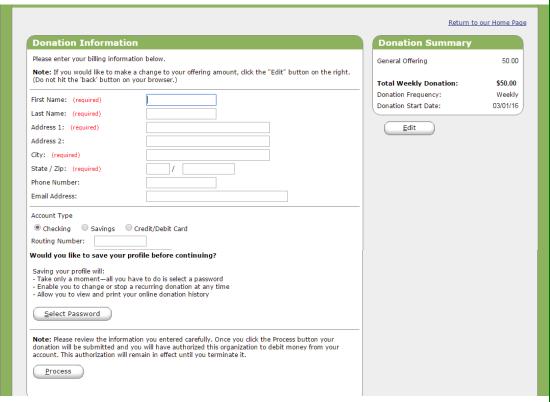

3. Enter your billing & payment information.

Note: Include email address to receive an email receipt and create online profile.

4. Create an optional profile by entering your email and a password. Click "Process" button to complete transaction.

If successful, a confirmation page will be displayed.

Thank you for your support!
